```
THEME = "/home/ubuntu/pelican-themes/sneakyidea"
```

## 3. basic

```
THEME = "/home/ubuntu/pelican-themes/basic"
```

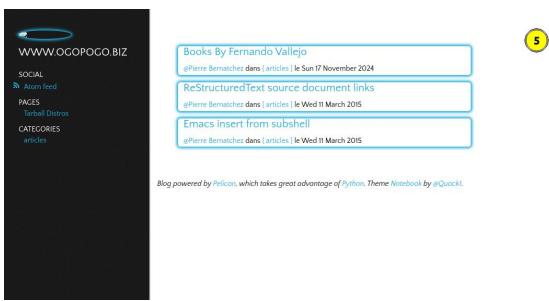

#### 4 . notmyidea-cms

```
THEME = "/home/ubuntu/pelican-themes/notmyidea-cms"
```

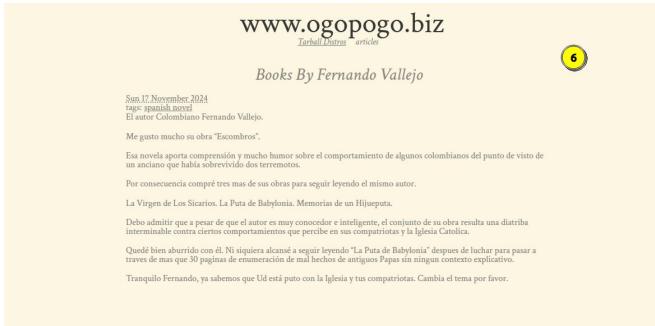

#### 5 . notebook

```
THEME = "/home/ubuntu/pelican-themes/notebook"
```

#### 6 . cebong

```
THEME = "/home/ubuntu/pelican-themes/cebong"
```

## 7. relapse

```
THEME = "/home/ubuntu/pelican-themes/relapse"
```

The screenshot shows a clean, modern design with a blue header bar containing the website address 'www.ogopogo.biz'. Below the header is a navigation bar with links for 'Home' and 'Tarball Distros'. The main content area displays a post by 'Books By Fernando Vallejo'. The post title is 'Books By Fernando Vallejo', and the date is 'Sun 17 November 2013'. A yellow numbered circle '7' is positioned near the top right of the post area.

## 8. bold

```
THEME = "/home/ubuntu/pelican-themes/bold"
```

The screenshot shows a minimalist design with a white header bar containing the website address 'www.ogopogo.biz'. Below the header is a navigation bar with links for 'articles' and 'Tarball Distros'. The main content area displays a post by 'Books By Fernando Vallejo'. The post title is 'Books By Fernando Vallejo', and the date is 'Sun 17 November 2013'. A yellow numbered circle '8' is positioned near the top right of the post area.

## 9. bootstrap2-dark

```
THEME = "/home/ubuntu/pelican-themes/bootstrap2-dark"
```

The screenshot shows a dark-themed design with a dark header bar containing the website address 'www.ogopogo.biz'. Below the header is a navigation bar with links for 'articles' and 'Tarball Distros'. The main content area displays a post by 'Books By Fernando Vallejo'. The post title is 'Books By Fernando Vallejo', and the date is 'Sun 17 November 2013'. A yellow numbered circle '9' is positioned near the top right of the post area.

10 franticworld

```
THEME = "/home/ubuntu/pelican-themes/franticworld"
```
